

Cody Sibbald Legacy Classic May 1st Media Release 2020

It is with deep regret that due to continued restrictions incurred by the Covid19 virus we must further postpone CSLC. As previously mentioned, health and safety are our top priorities. Therefore, we will continue following the advice and guidance of Health Canada as to when we can officially confirm hosting the event.

We are committed to this event and the participants and their families. Therefore, we have decided to schedule a new date for the 2020 Cody Sibbald Legacy Classic, December 27-29,2020. There is extra special significance in choosing December 29, as it is Cody's actual birthdate. We believe in our industry; we believe in our youth and we believe in our dream to keep Cody's Legacy strong.

All the same participants have a permanent position for the alternative days December 27-29,2020, at the previous named location, Medicine Hat Ag & Ex Grounds.

We are committed to working with each and every family during these unprecedented and difficult times. We cannot express enough our appreciation for all the participants and supporters of Cody's Legacy. It is because of your support through Cody's Legacy that we can continue to contribute to youth in agriculture and the future of this industry for years to come. If at any time due to the event changes you have any questions or concerns, please feel free to contact us directly at 306-859-7726 or email info@codysibbaldlegacy.com.

Sincerely,
Russ Sibbald
Cody Sibbald Legacy Classic Committee Chairman
